

M/Y – Motor Yacht

This is a very fast 97-foot motor yacht. She accommodates ten passengers in very comfortable staterooms. Her MTU 2x 1000 hp engines give her great speed in cruising. She has one lovely master stateroom that runs the full width of the yacht. This stateroom has a queen-sized bed and private en suite bath. There are two staterooms, which are fore in the yacht, that each have two twin beds and private en suite baths. The two aft staterooms are decorated in mild warm golden hues and have a queen-sized bed each and private en suite bath. The M/Y is fully air conditioned throughout with individual controls in each cabin.

The salon is spacious and has a TV, video player, DVD player, stereo and lovely dining section with a beautiful oval table. Most dining, however, is done al fresco on the aft deck. A large swimming platform has been placed off the aft to make the Aegean waters just a bit more accessible.

The large sundeck is a great place to pass the time while sailing and a great place to sun bathe and to sip refreshing drinks at the small table with surrounding cushions. The fore, full width of the yacht, cushioned area can accommodate guests in comfort for sunbathing as well.

Recreation Equipment:

- Water skis
- Ski boat
- Wave runner (2 passenger seaters) and windsurfs can be rented

Passengers and Crew:

- Passenger capacity – 10 persons
